SAVE MY RENO

RACHELLE AND MO

With the birth of their second child, Rachelle and Mo decided to re-convert their century-old, two-unit house back into a single family home. But reclaiming their downstairs is an expensive undertaking that involves taking down walls and redesigning the entire layout. Sam and Seb have to think of some seriously smart saves to make two units become one without zeroing the bank account.

1. Flooring & Home - Flooring
