PROPERTY BROTHERS Forever Home

SEASON 1, EP 1025: COME ON OVER

15 years ago Stephanie and Chris fell in love with the small-town charm of their big city home. The house came with the best set of neighbors and they have all become one big happy family. 4 people on their street have keys to their house. This family of four wouldn't dream of leaving their tight knit community but now that the kids are getting older the house is feeling smaller. They need Jonathan and Drew to rework their entire main floor – kitchen, living room, dining room and powder room leaving them with the perfect spot to host neighbors and watch the kids become teenagers.
