

PROPERTY BROTHERS

Forever Home

SEASON 2, EPISODE 2049: DO IT FOR THE KIDS

Katie and Jason moved into their Las Vegas home two years ago to achieve their dream of helping kids by becoming foster parents. They both come from large families and want to give foster children the same safe and loving environment that they had growing up. They love their family friendly neighborhood and the large yard has plenty of space for puppies and kids to play. However, the home lacks a warm welcoming vibe. The rooms are large but disjointed, a wall with a bulky broken fireplace divides the main floor, and the kitchen's layout is simply not functional. In addition, the home needs to be updated to fulfill safety guidelines that will allow Katie and Jason to be foster parents. Drew and Jonathan rework the entire main floor to transform Katie and Jason's house into a sanctuary for them and future kids for years to come.
