

# PROPERTY BROTHERS

*Forever Home*

## SEASON 2, EPISODE 2055: GO WITH THE FLOW

Florence and Humberto have loved living in their LA bungalow for over 20 years. The house is close to their extended family and it's the place where they've raised their two kids. But the tired home needs a facelift as the kids grow up, and the couple needs help deciding how make their house work for their evolving needs. The home also having good feng shui is important to Florence. The traffic flow of the main floor is not good for feng shui, the extremely outdated kitchen does not have enough counter space or storage and the bulky living room fireplace is an eyesore. Drew and Jonathan transform the living room, dining room, kitchen and flex space to give Florence and Humberto a feng shui refresh that they'll want to live in for another 20 years and more.
