

PROPERTY BROTHERS

Forever Home

SEASON 2, EPISODE 2056: ROOM TO MOVE

Fate brought Fanny and Cooper together. They were born in the same hospital and grew up in the same town, but didn't meet and fall in love until they were in their 20's. The next thing they fell in love with was a charming vintage LA bungalow. The house worked for Fanny and Cooper as a couple, but with the addition of their two young kids, the house's choppy layout and a few no-longer-minor issues, the house isn't functioning for them. Drew and Jonathan beautifully transform the family room, dining room, kitchen and main ensuite to give Fanny and Cooper room to move so their forever home can grow with their family.
