PROPERTY BROTHERS

SEASON 7, EP 7183: ADAM & LARA

Adam moved in with his fiancé, Lara, and her three rescue dogs shortly after they got engaged. It didn't take long to realize that things were a bit too tight for anyone's liking. They needed help to find a home that they could move into before the wedding. We eventually found them a home just a block away that we were able to transform into the open-concept, modern home of their dreams. And bonus: it came with a large backyard that backs right onto the fairway, and has plenty of grass for their four-legged friends.
