

\$AVE MY RENO

SEASON 1 ~ ANDREW & COURTNEY

Andrew is a single guy who loves to entertain family and friends, but his kitchen is too small and closed off. He wants open concept with a large island so he can see his guests when they come over, and have great sightlines to his seven nieces when they visit. His sister Courtney agrees and has been by his side getting quotes, but they're coming in too high. Andrew wants the biggest bang for his buck and doesn't want to compromise. Sebastian and Sabrina dive into DIY with Andrew and Courtney, using salvaged items and unique finds to give Andrew the bachelor pad he's always dreamed about.
