

\$AVE MY RENO

SEASON 1 ~ JOEL & KERA

Joel and Kera have two growing boys, a busy schedule, and a basement straight out of the 70s. Kera's grandmother used to own the house, but now it's Kera and Joel's. Kera has fond memories of family gatherings in the space, and wants to capture those days again with her growing family. But the orange carpet, dark paneling, and damp feel isn't inviting at all. They've reached out to contractors, but quotes are exceeding their budget. Sebastian and Sabrina will breathe new life into the space through salvaged items and cost effective solutions to save their reno.
