

## SEASON 3, EPISODE 3092: BRIAN AND LILY

After buying a house on a hill with stunning views and a short commute to work, Brian and Lily knew they had found their forever home. With plenty of room to grow into, they plan to start a family someday, but the unusual and choppy main floor layout is getting in the way. Drew and Jonathan overcome some major structural issues to create an open floorplan with a beautiful kitchen, living and dining area for Brain and Lily, along with a few extra perks for their dog, Moose.
